Features

- Cabinet from the LINE collection showcasing an integrated handle design that accentuates the surfaces and volumes elegance
- Accommodates built-in grills from the industry's most recognized brands (facade specifications to be provided)
- The cabinet construction allows airflow to the bottom, back and kick
- ** Note: It is not recommended to store the propane tank in the cabinet under the grill. We suggest using the tank cabinet if the grill is not powered remotely.
- Self-standing cabinets that can be installed in island (option: closed back), backed to a wall or recessed
- Modular system gives the flexibility to create the ideal outdoor kitchen
- Simplified clip system for cabinet assembly
- Weather resistant cabinet due to efficient rubber gasket system on doors
- Soft-close hardware for soft and quiet closing of cabinets
- Lock available as an option to secure the contents of cabinets and ensure a foolproof closure
- Ambient lighting integrated at toe-kick optional
- Distinct cabinets functional space and services space (plumbing, electricity, gas, ...) thanks to the double-back construction
- High side walls allowing the installation of the countertop and your grill (work surface not included)
- Elegant brushed finish
- Included with cabinet: clip-on toe-kick
- Easy maintenance thanks to sanitary standards inspired design without hard to reach corners
- Superior corrosion resistance: Grade 304 stainless steel (18/10) (option: grade 316 (recommended for salt environment))
- Soundproofing / insulation of front doors and panels reducing sound at closing
- Thin side structure results in optimized clear opening width
- Adjustable stainless steel feet, 2 of which allow anchoring on the ground
- Easy access provided for installation of the plumbing structure
- Delivered fully assembled
- Made by hand in Canada
